Attention: Residents of Doncaster Drive, Hillside Avenue, and Myrtle Avenue

Dear Sir/Madam:

RE: 2015 Transportation Improvements for Oaklands Community

The Oaklands Community Association has invited the City of Victoria to their June 22nd meeting to present and discuss the proposed Transportation projects in your community.

At the June 22nd meeting two conceptual designs will be presented and discussed:

- Crosswalk installation on Cedar Hill at Oswald Park;
- Pedestrian and cyclist connection on Doncaster Drive at Hillside Avenue.

The multiuse pathway connection will be installed to connect Myrtle Avenue to Hillside Avenue and Doncaster Drive. The multiuse path will serve pedestrians and cyclists and will include signal changes and a new crosswalk installation at the Hillside Avenue intersection with Doncaster Drive.

If you are unable to attend the meeting please review the attached plans and return comments to me directly by phone, email, or mail by June 26, 2015.

Date: Monday, June 22, 2015
Time: 6:00 PM
Location: Oaklands Neighbourhood House, 2629 Victor Street

Yours truly,

Alexander Angus
Transportation Technologist
